Institute for Glyco-core Research

Human Glycome Atlas Project

Supported by iGCORE, J-GlycoNet, and HGA

Professor Amit Basu

Department of Chemistry, Brown University, USA

It's just another brick in the wall – insights into carbohydrate recognition from synthetic and biophysical chemistry

(壁を構成する“もう一つのレンガ”：合成化学と生物物理化学が拓く糖質認識の新しい視点)

Key Words: carbohydrate-carbohydrate interaction, glycolipid, myeline, cell wall polysaccharide, peptideglycan processing enzyme
